

"Switching to Bayview Metal Roofing was one of the best decisions we made for our home. It looks fantastic, and the peace of mind knowing we won't have to worry about the roof for years is priceless. We highly recommend it to anyone thinking of upgrading their roof."

— James A., Toronto, ON

BAYVIEW
METAL ROOFING

Bayview Metal Roofing Systems are crafted from heavy-gauge aluminum for maximum strength. The 4-way interlocking design ensures each shingle remains secure, even in severe weather. Designed to mimic the beauty of slate and cedar shake, Bayview shingles combine elegance with long-lasting protection. Buchner Manufacturing Inc., a trusted leader in Canadian exterior building products, presents Bayview Roofing—perfect for residential homes, cottages, and light commercial buildings.

BAYVIEW
METAL ROOFING

Timeless.

"We couldn't be happier with our new roof. The whole process, from choosing the color to installation, was seamless. Now our house stands out in the neighborhood. Friends and family keep asking about it!"

— Sarah M., Georgina, ON

50 Years of Strength and Reliability

Bayview Metal Roofing Systems are designed to endure, backed by an impressive **50-year warranty** against perforation* on aluminum profiles. This reflects the superior durability of our premium aluminum substrate.

*Visit buchnermfg.com to get complete warranty details.
Colours in this brochure may vary slightly from the actual product due to differences in printing and display methods. We strive to ensure accuracy but recommend viewing samples for precise colour representation.

Why Choose Bayview Metal Roofing?

Curb Appeal:

With a variety of colors and sleek profiles, Bayview Metal Roofing adds timeless elegance and boosts your home's resale value.

Durability:

Made from rust-proof North American aluminum, our roofing is built to withstand Canadian weather, including wind speeds up to 150 km/hr and heavy snow.

Financial Advantage:

Bayview's 40+ year lifespan eliminates the need for frequent re-roofing, offering significant long-term savings.

Energy Efficiency:

Cool roof technology reflects solar heat, reducing energy costs and keeping your home comfortable year-round.

Environmental Friendliness:

Made from recycled materials, Bayview roofing helps reduce landfill waste and is fully recyclable at the end of its life.

Warranty:

Backed by a non-prorated 40-year warranty for long-term peace of mind.

360 Colour Match:

We manufacture all exterior systems (soffits, fascia, and eavestroughs) in matching colours, ensuring a seamless, coordinated look for your home.
